

What is your role with KYSA?

Currently I am coaching the U16-18 Girls.

How long have you been involved with KYSA?

I first started coaching with KYSA in 1996.

Why did you become part of KYSA?

I have been involved with soccer in many different avenues. As a player, as an instructor for the City of Kamloops tot soccer program, as a referee, as a referee allocator and a coach. I enjoy coaching most of all as I find it very rewarding to see players develop their skills and expand their minds both on and off the pitch.

What is your favorite soccer-related memory?

As a player my favorite memory is when my women's team won the league championships after ten years of trying. As a coach it would be working as an assistant alongside the guidance of Mick Murphy of Stoke City FC when they were here doing soccer camps. As a referee it would be refereeing a BC Special Olympics game when the teams were here a couple of years ago.

What is your favorite soccer team?

In World Cup I always cheer for Holland. Closer to home I'd have to say any team I'm coaching at the moment.

What do you love about Kamloops?

First I love that even though Kamloops is growing you can still feel the small community warmth especially among the soccer family. Second I LOVE the hot summers.

Where would you like to go on a dream vacation?

Our family enjoys camping and dirt biking so a camping trip along the Oregon Coast with a dune buggy ride in the sand dunes with my husband and kids would be fun.
