**What is your role with KYSA?**

I am currently the coach of a U14/15 boys Spring League team.

**How long have you been involved with KYSA?**

I grew up playing soccer with KYSA and starting coaching six years ago.

**Why did you become part of KYSA?**

I started coaching because I was no longer on the rep team, so I had some extra time but still wanted to keep up my involvement in soccer. Coaching seemed like a great way to stay involved and I wanted to provide an environment that promoted fun and learning like so many of my coaches did for me.

**What is your favorite soccer-related memory?**

One of my favorite memories was when I was on the rep team and we had a game in Salmon Arm. For whatever reason the other team never showed and they never notified us ahead of time so our team ended up at an empty soccer field in Salmon Arm. It was super disappointing at first but our coach set up the net anyways and then let us scrimmage and play lightning. Instead of a trip feeling like a waste, it ended up being a super fun day with the team.

**What is your favorite soccer team?**

My favorite soccer team is Manchester United. I've watched their games with my dad since I was a kid.

**What do you love about Kamloops?**

I love the weather. The sun is almost always shining during the spring and summer and it's a great place to be outside playing sports.

**Where would you like to go on a dream vacation?**

I think Japan would be a super cool place to visit. They have an interesting culture that I would like to experience as well as a mix of ancient and modern architecture depending on where you go.
