

What is your role with KYSA?

I am a player that always tries her best and aims to be a leader throughout the team.

How long have you been involved with KYSA?

7 years. I started off at 4 years old doing somersaults on the field during a game and now I do Maradonas instead. Thanks Coaches!

Why did you become part of KYSA?

I have met many amazing friends and have been so inspired by coaches, friends and teammates.

What is your favorite soccer-related memory?

I have so many! I really enjoyed the football matches I was fortunate to see during a recent trip to Europe. In Madrid my family watched Barcelona beat Real Madrid and in Paris we watched St. Germain beat Marseilles. It was absolutely amazing and a once in a lifetime experience that I'm so fortunate for. Also, my cousin Meaghan's soccer cleat flew off in the middle of the field during a game.

What is your favorite soccer team?

Barcelona. Easy choice. I really like Messi – you can tell he always enjoys his time on the field.

What do you love about Kamloops?

I enjoy the weather and many of the people are very kind. I love my school and all of my soccer programs.

Where would you like to go on a dream vacation?

I would love to go back to Barcelona as an exchange soccer student.
